

TAM 205

Hard Red Winter Wheat
Maturity: Medium

- ✓ Covers the ground quickly in the fall for good forage production
- ✓ Large seeded and high-test weight grain
- ✓ Good milling and baking scores; excellent choice for whole wheat products
- ✓ High performer in Texas High Plains, Rolling Plains & Northern Blacklands

PLANT CHARACTERISTICS

<i>Grain Only:</i>	9	<i>Stature:</i>	Semi-dwarf
<i>Grain PLUS Limited Grazing:</i>	9	<i>Plant Height:</i>	Medium
<i>Heavy Grazing PLUS Grain:</i>	9	<i>Glumes:</i>	Red
<i>Forage Production:</i>	9	<i>Awned / Awnless:</i>	Awned

AGRONOMICS

<i>Test Weight:</i>	9	<i>Stripe Rust Resistance:</i>	<i>na</i>
<i>Tillering:</i>	Good	<i>Stem Rust Resistance:</i>	9
<i>Seed Size:</i>	Large	<i>Emergence:</i>	9
<i>Drought Tolerance:</i>	9	<i>Straw Strength:</i>	9
<i>High Yield Potential:</i>	9	<i>Tolerance to Acidic Soils:</i>	7
<i>Leaf Rust Resistance:</i>	9		

Ratings: 1 = Poor, 9 = Excellent

NOTES

Hard Red Winter Wheat
